QUEENSLAND VINTAGE AND HISTORIC KARTING

have invited the HRCC to display some of our race cars at their AUSTRALIAN VINTAGE KART PRIX, the biggest vintage karting event in the south pacific, at their Ipswich Kart Club Circuit located at the Ipswich Motorsport Complex, Champions Way, Willowbank.

This is an international event for karting with karts coming from all over the world including the actual kart driven by Ayrton Senna in the Karting World Championships.

This a great opportunity to show off some of our race cars and **promote historic motor racing in Australia to the world.** Cams Historic Racing has 20 Groups dating from Ja (pre 1931) to Group A (to 1992). Members are invited to bring 10 of these cars for display at this event to represent historic motorsport in Queensland, helping to promote the HRCC Autumn Historics and July's Historic Queensland Race Meeting.

The display cars will be required to be on site at the kart circuit Friday 21st afternoon until Sunday 23rd afternoon. Security will be provided for all vehicles at the event, including trailers in the adjacent trailer park.

Owners of the display cars will not only have the opportunity to show off their cars and talk to the spectators; they'll get to view the other displays and the kart racing and talk to drivers from all over the world. Passes will be provided for owners and crew members.

Friday 21st to Sunday 23rd of March 2014

**If you are able to assist, please contact:
 Fred Sayers, HRCC display co-ordinator.**

The agenda for the HRCC display is:

Friday 21st noon to 4pm: arrive at circuit to set up display (late comers 6am Saturday), that is unload off trailers and drive to display area (only a few 100 metres). Dismantle display and load up cars on trailers on Sunday afternoon.

If you wish to participate in the display call **Fred Sayers 07-33592623** or email fsayersmotorracing@bigpond.com

If you can't display your car come along and have look anyway.

The entry fee is only \$10 to see a spectacular event.

HRCC TO DISPLAY HISTORIC RACE CARS IN QUEEN STREET MALL

Once again the HRCC will be conducting a display of Historic Racing Cars in the Queen Street Mall to showcase amateur and Historic Motorsport to the public and the authorities.

This will be an all-day event on Thursday 12th of June and is a great opportunity to promote our Historic Race Meetings. The Club's major sponsor Shannons Insurance will assist with the display and its costs. Co-ordinator Peter Walsh is seeking expressions of interest from Members willing to provide cars and/or their time for the event. Please contact Peter on 0419778007 or info@hrcc.org.au

Careful, Jim!

GENERAL REGULATIONS OF CAMS - LICENCES

Changes to CAMS Race Licencingmaking it easier for YOU!

For the full details and regulations relating to these changes please refer to the CAMS website at:
http://www.camsmanual.com.au/pdf/09_gen_regs/GR03_Licences_2012-1.pdf

To find out more about what courses are coming up in your area, visit the officials training calendar on the CAMS website at <http://www.cams.com.au/en/States/Queensland/Calendar.aspx>

Ron Blake will be attending our next general meeting to tell us all about QMSC (Queensland Motorised Sports Council) – the objectives of the group, who can join etc, how it might be of benefit to HRCC, what progress and success that they have had so far.

Simpson has released a new tutorial entitled

"15 Minutes Can Save Your Life"

aimed at keeping racers safer by providing instruction on the proper use of restraint technology. Motorsports is more advanced than at any time in history. The cars and safety equipment are far better, the testing is superior and more advanced than ever, so why are drivers and co-drivers still injured, some gravely, every week. Simpson's ongoing mission to make racers safer is supported by this concise and informative tutorial which reminds racers of proven protocol on how to make sure their cockpit surrounds them with the proper equipment, properly installed and used, each time they race.

"Ted and John Mac must have had big goolies ... Eat your heart out!"

I sent the above to some of the JKL guys after driving the Tornado at TTT – might like to use my quote.....

"Ted" refers to Ted Gray who drove it in the late 50s including setting Australian Land Speed Record on a public road near Coonabarabran and nearly won 1958 AGP at Bathurst!

"John Mac" is John MacDonald who subsequently drove the car in Historic events in 80s, drove the wheels off it and was usually more sideways than straight... PM

Peter Mohr testing Tornado (and himself?) at Morgan Park on TTT Day.... You might see it at the AGP in 2014!
