HRCC PRESIDENT'S ANNUAL REPORT FOR 2014

Alan Steel

I would like to start by saying "Thank You" to all the members of the 2014 HRCC Committee and all the other Members in our Club who generously donate their time to help with other Club activities; without their contribution our Club would not exist.

As 2014 draws to a close I wanted to take this opportunity to update you about what the club has achieved over the past few months and our vision for 2015.

I am pleased to say that our Membership has remained consistently strong. Our Club's net worth has increased by around 10% due to strong returns from our Club's investments and solid results from our Club events.

As I have signposted throughout the year - 2014 has been a year focused on positioning this great Club for future growth. The committee and I have worked hard to ensure that all of the elements of the organisation have continued as normal - whilst also pursuing a range of platform reforms upon which the Club can build, grow and prosper.

First among these reforms was the implementation of the new Constitution. I am pleased to say that this constitution has been passed and well received by our membership.

The second reform project was the establishment of a modern, functional database. This project is presently underway and will allow efficient processing, storage and security of our Club's data; it will also provide our Club with the ability to improve the way we do business.

The next project we will be undertaking in 2015 is an overhaul of our Club website; with technology improving as we speak, this update will ensure we provide our members with a modern, user friendly website.

But by far the most crucial planned reform, is a restructuring of the Club's current committee structure. Our membership has exceeded the point where a single committee remains a viable management option. This restructure will identify the opportunities for the Club to effectively outsource appropriate tasks - which was a suggestion raised at our Clubs Future Meeting. We envisage a new system with smaller working committees that are given smaller targeted responsibilities and tasks.

These working committees or 'task groups' will then report back to a streamlined management committee. I believe by sharing the workload across these task groups, identifying and simplifying the jobs on hand, will encourage more volunteerism from our Members, which is essential for our Club's future.

As I mentioned earlier, our Club's race events for 2014 delivered some strong results – but in 2015, we would like to continue to aim for further improvement.

The Triple T Day has cemented itself as a great way to start the year and we will be running it again next year. I think we can improve this event by encouraging some input from CAMS and by placing some more focus on training.

The Autumn Historic Warwick started as a no-frills event – but has grown in stature to be one of the key events on our racing calendar. In 2015 the Autumn Historics will be held on the first weekend in May.

In my view, to help improve the event, we could review the event schedule of the Autumn Historics, in conjunction with the Historic Queensland, to maximise track time available for our competitors.

This review will also improve Historic Queensland, which is our premier event of the year. I can confirm in 2015 Historic Queensland will be held on the first weekend of July.

In 2014 we ran our own Spring Sprints at Morgan Park – but in 2015 we would like to take advantage of the Morgan Park Sprint Series that is already in place and encourage our members to enter this series. The Morgan Park Sprint Series is affordable, well run and would provide more competitive track time for our sprint competitors.

For 2015 HRCC has booked some slots with Queensland Raceways. Our committee will continue to work with the competition groups involved to ensure the slots' viability. I can also report that negotiations are currently underway with Queensland Raceways to reintroduce Historic Lakeside in 2016. It is our expectation that it would be a two day event.

Once again, in 2015 the last event of the year will be THE HILL at Noosa. We are working with Noosa Beach Classic Car Club and are confident of re-signing the partnership for this event until 2020. This event continues to improve and is a great way to finish the year.

To finish I would just like to say – this is a fantastic Club with a solid future. And the more I can encourage our Members to put their hand up and be involved, the better it will be. I look forward to working with the new committee and with all of you next year.

I wish all Members and their families a Merry Christmas and a Happy New Year

Alan Steel / HRCC President

**POSITION VACANT:
HRCC REGALIA OFFICER**

The Club will require a new Regalia Officer for 2015. This does not need to be a Committee position, the role is open to any Member or couple willing to take a little responsibility for the supply of Regalia, which includes Clothing (T-shirts, hats, etc) and assorted items including badges, magazines, cups, pens, etc., and some coordinating of volunteers to man the Club tent. This role can be the public contact for the Club at events, and is rewarding in the assistance you can give to current and prospective new Members. Please contact John Tupicoff (see page 2) for more detail on this important Club role.

Vale Ivan Tighe

3 times Australian Champion

Successful racer and renowned engine builder Ivan Tighe has died aged 83. Born in Blackburn, Victoria on September 22, 1931, Tighe first earned respect as a motorcycle racer riding Vincent bikes all over Europe during the 1950's. His global travels saw him compete at the Nurburgring and Austria's Osterreichring.

Although Tighe was never a full-time competitor in motor racing, he became a leading light on the Australian Hillclimb scene, winning three national championships.

The triumphs came 27 years apart with his first in 1964 arriving at Silverdale, New South Wales, using a self built 1501cc Tighe Vincent.

The prize money accrued allowed him to purchase a Formula 2 car which he then campaigned in the Tasman Series that featured the cream of grand prix drivers from all over the world.

A second Australian Hillclimb title came in 1985 behind the wheel of a Chevron B38 at Mount Leura, Victoria, before Tighe secured a third crown in a Queensland built Kaditcha F2 car at Mount Cotton in 1991.

Among other success he also won New South Wales Hillclimb titles in 1987 and 1992.

Tighe also purchased a Formula 5000 car which was originally constructed for British F1 driver Peter Gethin, from countryman Bruce Allison which he raced at several Australian Grand Prix meetings.

While a keen competitor, Tighe had a passion for engineering which led him to work for Repco Research under the late Sir Jack Brabham.

He became a crucial part of the company's engine decommissioning arm setting up 25 stores across the country and played an instrumental role in the set up of franchises in Singapore and Thailand.

Tighe also set up his own engineering firm in Brisbane in 1966 operating under the name, Ivan Tighe Engineering, which continues to thrive in the manufacture of camshafts.

Ivan was a driven man when it came to projects. His last was a restoration of a 1936 Type C Auto Union.

He is survived by wife Joan, sons Dean and Peter.

Ivan Tighe was laid to rest at a private funeral.

HRCC extends its condolences to his family and friends.

From our Social Secretary:

The 23rd Historic Sandown a Tribute to Jack Brabham was held in November & what a meeting it was! An entry list of 340 cars, wow! Including over 20 F5000's.

The highlight was the Brabham cars on display with Jack's 1959 championship winning Lowline F1 Cooper Climax.

The ex Louis Chiron, Doug Whitford Lago Talbot & the Legendary Stan Jones Maybach! To hear these cars at full noise was something else!

The works 1963 Cooper Climax ex McLaren/ Lex Davison was on display, in works livery.

I could go on & on....if you haven't been to a Historic Sandown put it on the bucket list.

'Til next time... Russell Beckman.

FOR SALE: PEREGRINE F2 1600 cc single seater.

This is a Group Q F2 single seater with CAMS C of D and historic log book and was originally built by Ivan Clencie in Melbourne in 1969.

It is powered by a dry-sump Cortina engine with dual 40 DCOE Webers, VW/Holinger gearbox, Tomkinson alloy wheels and near new Dunlop radial slicks. Car was fully refurbished by Ken Graham (chassis) and Ken Gray (bodywork) in 2006. The car is very suitable for club and hillclimbs and GEAR but has had little use in recent years.

Asking price is \$17,500 ono and it comes with some spares including wheels. Contact Jim Templeton by email at templton@tpg.com.au or 0408 725 743

1980 TIGA SC-80 SPORTS 2000

Keith Carling offers his front running Tiga SC-80 Sports 2000. The car has just been rebuilt and is one of the most competitive cars in the Sports 2000 category. The package comes with 12 wheels, near new wets, 20+ gear ratios & numerous spares. Fiberglass body moulds & a custom built fully enclosed trailer also included.

This is a turnkey package to go racing.

Please ring Keith Carling on 0438 881 208 or keith@dbcqld.com.au

1981 TIGA SPORTS 2000

It wasn't in great condition when I bought it so in 2010 I had Peter Brennan fix up the problems including some running gear issues, brakes etc. Peter assured me at the time it was ready to race. The body panels are all there but need some TLC. That said, you could probably get it track ready in a weekend. It does not have COD but I have documentation that should be enough to get that process under way.

My asking price is \$34,000.00 negotiable. This is a lot less than it has cost me but I am interested in a sale sooner rather than later. Located Phillip Island.

Shannons Legends of Motorsport Series Repeat on 4ME

Motoring enthusiasts have applauded the series 'Shannons Legends of Motorsport'. Hosted by Neil Crompton, the series brings to life the history of Australian Motorsport combined with some rarely seen historical footage from Seven's extensive archives dating from the '60's to the '90's.

Due to unprecedented popularity, the 12 part series will be replayed on 4ME (Channel 74 Metro, 64 Regional) each week starting on Tuesday 2nd December at 8pm and repeated on Saturdays at 6pm. If you missed the series or just want to catch up on any past episodes on the big screen, here's your chance. Great television viewing over the Christmas/New Year break. Don't miss it! Check your Local Guides for details.

Or you can watch the series in your own time on the Shannons Club.
