ORDER NOW FOR SPEEDFEST DVD

As indicated prior to the televised broadcast of the Sydney Retro Speedfest on Speedweek and Fox Sports, arrangements have been made for a DVD package of the event to be available, and orders are now being taken.

The package contains two DVDS – one showing the contents and commentary of the televised broadcast, and the other containing uncut footage (without commentary) of the balance of racing recorded on Sunday 7 June 2015. The second DVD includes coverage of the Regularity events as well as all other categories.

Cost of each package will be \$15.00, which includes packaging and postage.

To enable production to be finalised, orders for the package should be made on or before Monday 10 August 2015 by post, email or fax using the addresses shown above.

Each order must include details of the name and address to which each package is to be sent, and be accompanied by payment (credit card or cheque).

Name: <i>Note - if you are an HSRCA member, simply append your member no. to your name and we will post to your current address.</i>
