HRCC Classroom Training Day.... A letter:

A big thank you to all involved in giving their time for the benefit of those that attended the HRCC Training day. I went along to support my Daughter to gain some basics in beginners level Motorsport and came away with a lot better understanding myself.

There is only so much you can read in the CAMS manual or gain in a drivers' briefing at the track. I have always had the utmost respect for event officials that give their valuable time for the benefit of the competitors and listening to them talk about their respective roles and getting an insight into the organic part of their roles that can't be written in any CAMS manual gave me a different level of understanding of many aspects of a race event.

I would encourage anyone who intends to compete in any level of Motorsport regardless of the length of time they have been involved to attend this very worthwhile event next time it is on. Thank you to John, Peter, Ian, Paul, Skip, Mouse, Allan and fellow attendees for an enjoyable and very worthwhile afternoon.

Regards, Adam Duce

CAMS 2018 MANUAL EASIER TO USE.

Gents,

I have only just read the 2018 CAMS Manual which is now up on the CAMS website. I thought that some of you, like me, may not have had a chance to look at it yet. The Production Based groups (A,C,N,S,and U) regulations have now all been laid out in the current CAMS format which is more like dot points.

This should make the regulations easier to read and easier to find a particular item. From what I can see the content has not changed just the format. I have attached links to the various sections for you to look at when you get a chance or just to have for quick reference. Thank you.

Regards

David Twigg

WORK IS WELL UNDER WAY IN ORGANISING
 HRCC's two major Race Meetings for 2018.

AUTUMN HISTORIC WARWICK entries will be
 open early March, and closing 17th April.

As part of HRCC's ongoing encouragement of a Sports
 Sedan revival, AHW 2018 will feature a Supersprint for
 Group U and Invited Sports Sedans of pre -90's style,
 logbooks not required, and L2S licencing. A chance to get
 those very popular cars back on track!

HISTORIC QUEENSLAND is shaping up to be a huge
 event, with the 70 YEARS of HOLDEN celebration
 generating a lot of interest from interstate competitors and
 local Holden based Car Clubs. Entries are expected to open
 early May.

For each event, Invitations will be sent to all
 Members and known recent competitors, and
 expressions of interest are invited in the
 meantime.... So if you know someone who may be
 interested, forward this on!
